# LEAPED SERVICES ADOPTED COURSENETWORKING AS A FULLY INTEGRATED, DYNAMIC LEARNING AND COLLABORATION PLATFORM

*CN as LeapEd's internal collaboration, teaching and learning platform; LENS was officially launched at the recent LeapEd Summit.*

**Kuala Lumpur (December 22, 2015)** – CourseNetworking (CN) has expanded its clientele by gaining LeapEd Services Sdn Bhd (LeapEd) as one of its latest client. LeapEd is a wholly-owned company of Khazanah Nasional Berhad and is a homegrown education service provider that delivers transformation programmes in local public schools. The Trust Schools Programme is currently being implemented in partnership with the Ministry of Education (MOE), in tandem with aspirations outlined in the National Education Blueprint.

LeapEd is also CN's first corporate client to use our innovative platform as a fully integrated, dynamic teaching, learning and collaborations platform. As a company that continues to strive for innovation and commitment to excellence, LeapEd envisioned to have a platform that provides a next generation and innovative solution that serves 3 main purposes: 1) Content Management 2) Teaching and Learning 3) Internal Collaboration.

Through a vigorous Request for Proposal (RFP) process, CN was identified as the platform that could assist LeapEd to enhance company internal collaboration efforts, ease content management and enrich teaching and learning experience for all LeapEd employees.

"The CN platform was selected as the preferred environment for LeapEd which offers Content Management System, Learning Management System, ePortfolio, and Social Networking functions, all within a single site," said **Dato' Dr Lee Boon Hua**, *General Manager of Education Operations* at LeapEd. "We are pleased to have launched our own learning content management system which will be a great help with learning, communication, and collaboration between our employees located across Malaysia."

During the recent LeapEd Summit, an event that brings together renowned individuals in the education field to share global perspectives of education reform, Professor Charles Hopkins, UNESCO Chair in Reorienting Teacher Education towards Sustainability and Professor Ali Jafari, CEO and Founder of CourseNetworking was invited to speak and share best practices in the field of teaching and learning.

LeapEd officially inaugurated LENS, the LeapEd Education Network System that is powered by CN at the Summit. As part of this adoption, CN also provided a customized mobile app for LeapEd employees to allow them to stay connected while they are on the go.
